

ROUND TABLE ADVISORY MISSION STATEMENT

Students and Teachers have much to learn from one another. Our Parkville Round Table Advisory is our time to challenge ourselves to be supportive, to be kind, to be proud of our teaching and our learning, and finally, to build family.

The following are merely guidelines for your Round Table Advisory. Remember, at a round table, no-one person is more important than any other. Everyone has a story and a voice and Round Table Advisory is your place to tell it.

PHS' daily Round Table Advisory supports students and teachers with activities in the following areas.

ACADEMIC

The reason we're at school! Students and teachers both come to learn. This style enables Advisors to support students academically. Do you have what you need? Completed homework? Completed assigned readings? Got a pencil? Paper?

SUPPORTING ACTIVITIES

Notebook Organization, Study Skills, Creating Flash Cards, Student to Advisor Check - In time, Homework review.

ARTISTIC

The Arts supports everything else! When we are busy doing art, we learn better in every other area.

CONNECTIVE

Working together builds confidence. In life and at work, quality collaboration with others can mean the difference between success and failure.
